## You print it and we bind it!

The "Quick Cal" program is for customers requiring quick turnaround of any of the three most commonly produced, short-run (Eligible Quantities up to 1000 finished pieces) calendar projects. It is based on the use of customer-supplied, same-size, pre-printed text and cover stock and automated mechanical binding equipment. \* We guarantee to complete your "Quick Cal" project within 72 hours from the receipt of all of your stock or your next job is discounted 15%. We offer a 48-hour service at 1.5 times the above listed pricing and 24-hour service at 2.0 times the above listed pricing. You must mark your order "Quick Cal" to receive the program guarantee and pricing. † Because both the paper punching and element inserting processes are automated, all text and cover stocks used in a "Quick Cal" project must be the exact same size. Calendars with shingled text sheets/covers, index tabs/dividers, wrap-around covers, paperboard covers or split binding elements may be processed, but are exempt from the program pricing and turnaround guarantee. ‡ Calendar templates for both the 11" and 8.5" layouts may be downloaded from [www.flexfinishing.com/pages\\_document/docdown.html](http://www.flexfinishing.com/pages_document/docdown.html). \*\* Any of the additional services can be used, but the program pricing and turnaround guarantee are no longer available. \*\*\* If a colored element will be used to customize your calendars, please call for updated pricing and turnaround.
