- Single documents and much more...

For production numbering, perforating & scoring jobs, ask us about our complete line of automatic friction or air feed equipment

TABLEMATIC™ Plus

Short-run numbering jobs can be quite profitable with the affordable Count Tablematic Plus; portable, hand-fed, foot-switch operated crash numbering machine, The numbering heads offer 3/16" Gothic typeface that produces the finest and clearest impressions.

TABLEMATIC PLUS WITH ITS UNIQUE DESIGN gives you flexibility and productivity where it's needed. Accurate electronics allow the operator hands free to feed up to 1,000 forms per hour.

SIMPLE TO OPERATE. The numbering heads easily move side to side across the bar with one knob adjustment. Number vertically or horizontally with its standard 6 digits or drop up to three zeros which are quickly reassessed.

POSITIONING OF FORMS. The Tablematic Plus offers built-in side guides, and a heavy duty magnetic back-stop which stays positioned for positive registration throughout your jobs or until it is moved.

CLEAR IMPRESSIONS. Crash number through a 6-part form guaranteed. Clear and sharp numbers down to the last sheet. The unique patented ink cartridge also contributes to clear impressions. Each cartridge is disposable and delivers approximately 20,000 impressions.
